In this powerful and timely monologue, renowned author and philosopher Alain de Botton explores the profound impact of the Covid-19 pandemic on our lives and offers insights into how we can navigate its challenges and emerge stronger.

Drawing on a wide range of sources, from ancient philosophy to modern psychology, de Botton argues that the pandemic has exposed the fragility of our world and the interconnectedness of all living things. He shows how it has challenged our assumptions about health, happiness, and the meaning of life.

But de Botton also finds hope in the midst of the crisis. He argues that the pandemic has created an opportunity for us to reflect on our priorities and to make changes in our lives that will make us more resilient and compassionate.

Beat the Devil is a must-read for our times. It is a book that will help us to understand the challenges we face and to find the strength to overcome them.
