It's Christmas Eve, and 12-year-old Tom is feeling very alone. His parents are divorced, and he's spending the holiday with his father, who is working late. Tom's only company is his grandfather, who is suffering from dementia.

But then, something magical happens. Tom is transported back in time to 1940s London. He meets a young boy named Harry, who is also feeling lonely and lost. Together, they embark on a series of adventures that will change their lives forever.
