Thailand is a land of contrasts. It is a country of ancient temples and modern skyscrapers, of bustling cities and tranquil beaches. It is a country of friendly people and strange customs. And it is a country of monkeys.

Monkeys are everywhere in Thailand. They swing through the trees in the jungle, they scamper around the ruins of ancient temples, and they even beg for food in the streets of Bangkok. They are a constant source of amusement and amazement for visitors from other countries.

In his new book, *Monkey Business in Thailand*, Ben Stevens takes readers on a journey through Thailand's unique culture, from the bustling streets of Bangkok to the tranquil beaches of the Andaman Sea. Along the way, he encounters eccentric characters, bizarre customs, and plenty of monkey business.

Stevens is a gifted storyteller with a keen eye for detail. He brings Thailand to life with his vivid descriptions and humorous anecdotes. Whether he is describing the chaos of Bangkok traffic, the beauty of the Thai countryside, or the antics of the local monkeys, Stevens' writing is always engaging and entertaining.

*Monkey Business in Thailand* is a must-read for anyone who is planning a trip to Thailand. It is a hilarious and informative guide to the Land of Smiles that will help you make the most of your experience.

**Here are a few excerpts from the book:**

***“I was walking through the Grand Palace in Bangkok when I saw a group of tourists gathered around a monkey. The monkey was wearing a red vest and a pair of sunglasses, and it was holding a bowl of peanuts.***

***The tourists were taking turns feeding the monkey peanuts, and they were all laughing at its antics. The monkey would grab a peanut with its tiny hands and then stuff it into its mouth. Sometimes it would even spit the peanut out and then try to catch it in its mouth again.***

***I couldn't help but smile at the sight. It was so amusing to see this little monkey dressed up like a human and begging for food. It was a reminder that Thailand is a country where anything is possible.”***

***“I was on a boat trip to the Phi Phi Islands when I saw a monkey swimming in the ocean. The monkey was paddling with its arms and legs, and it was making good progress.***

***I was amazed to see a monkey swimming in the ocean. I had never seen anything like it before. I watched the monkey for a while, and then I realized that it was trying to reach a banana that was floating on the water.***

***The monkey eventually reached the banana, and it ate it with relish. I couldn't help but think that this was a metaphor for life***

***in Thailand. No matter what obstacles you face, if you are determined, you will eventually achieve your goals.”***
