Print length : 32 pages

My Daddy's Going Away is a heartwarming story for children facing deployment or separation. It helps children understand why their daddy is going away and how they can cope with the separation.

The story is told from the perspective of a young child, and it uses simple language and illustrations to help children understand the concept of deployment. The child in the story explains that her daddy is going away to a faraway land to help people. She knows that he will be gone for a long time, but she understands that he will be back eventually.

The child in the story also talks about how she misses her daddy and how she wishes he was home. She talks about the things she does to cope with the separation, such as talking to her mom, playing with her friends, and looking at pictures of her daddy.

My Daddy's Going Away is a touching and reassuring story that will help children understand and cope with the deployment or separation of a loved one. It is a must-read for any child who is facing the deployment or separation of a parent or loved one.

About the Author

Christopher Macgregor is a former military officer and the author of several books for children. He wrote My Daddy's Going Away to help children understand and cope with the deployment or separation of a loved one.
