Tales from the Dark Side of Boxing is an anthology of true stories that delves into this hidden world. These are not the stories of champions and legends, but of the countless fighters who have given their lives to the sport, only to be forgotten.

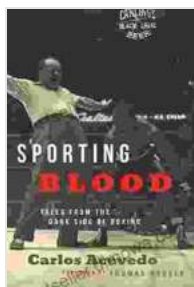

In these pages, you'll encounter:

- **The tragic tale of Edwin Valero**, a brilliant Venezuelan boxer who spiraled into a drug-fueled rage and murdered his wife before taking his own life.

- **The chilling story of Gerald McClellan**, a promising young American fighter who was left permanently disabled after a brutal title fight.
- **The heartbreaking account of Duk Koo Kim**, a South Korean boxer who died in the ring after a fight with Ray Mancini.
- **The shocking story of Jimmy García**, a Mexican boxer who was killed in the ring by a single punch.
- **The disturbing case of Mike Tyson**, a heavyweight champion who descended into madness and violence.

These are just a few of the many dark tales that fill the pages of this book. Each story is a reminder of the dangers that lurk in the shadows of boxing, and the human cost of this brutal sport.

Tales from the Dark Side of Boxing is not for the faint of heart. But for those who are willing to confront the darkness, it is a fascinating and unforgettable journey.
